

means, but I see what the true story is, and you can't.

(she pours them both
another drink)

She didn't leave you! You can't see what you are. I can see everything. You are a wolf!

RONNY

I'm a wolf?

LORETTA

The big part of you has no words and it's-a wolf. This woman was a trap for you. She caught you and you could not get away.

(She grabs his wooden
hand)

So you chewed off your foot! That was the price you had to pay to be free.

(throws his hand down)

Johnny had nothing to do with it. You did what you had to do, between you and you, and I know I'm right, I don't care what you say. And now you're afraid because you found out the big part of you is a wolf that has the courage to bite off its own hand to save itself from the trap of the wrong love. That's why there has been no woman since that wrong woman. You are scared to death what the wolf will do if you make that mistake again!

RONNY

What are you doing!

LORETTA
